FU, Donghui

Senior Partner

Mr. Donghui Fu is Partner of AllBright Law Offices. He is Managing Partner of AllBright Beijing Office. Mr. Donghui Fu has long experiences in the area of international trade laws. He is well known as one of the leading experts in the trade remedies and WTO related affairs in China. Mr. Donghui Fu is Deputy Director of International Business Law Committee of All China Bar Association, Member of Expert Committee of CCPIT, and visiting professor in Fudan University and Shanghai East China University of Politics and Laws.

Mr. Donghui Fu was graduated from Shanghai Fudan University. He received a Master Degree in Chinese law from East China University of Politics and Laws and a Master Degree in European Law from Free Brussels University. His working languages are Chinese, English and French.

Mr. Donghui Fu has been working actively in the area of international trade law and been cooperating closely with the world leading law firms in this area. His legal practices involve mainly anti-dumping, anti-subsidy and safeguard measures, but also other trade related matters, such as technical barriers to trade, GSP treatment, rules of origin, agricultural policy, sanitary and phytosanitary inspection, market access, textile trade, Customs affairs and WTO dispute settlements.

In the anti-dumping and anti-subsidy area, Mr. Donghui Fu has handled a large number of cases covering EU, USA, India, South Africa, Brazil, China and other countries. His successful business records are highly appreciated by the clients.

Because of his well-known expertise in the international trade laws, Mr. Donghui Fu was invited in the elaboration of the Chinese trade laws, covering anti-dumping, countervailing and safeguard Regulations and some implementing rules, he also achieved many research programs for international trade laws.

Mr. Donghui Fu has published his book "The Trade Remedy Essays on WTO AD and SCM Rules", China Legal Publishing House, January 2015. As co-author, his publication of books covers: "Research On WTO Multilateral Rules And Anti-Circumvention In Anti-Dumping Law", Democracy and Legal Publishing House, January 2006, "Research On WTO Multilateral Rules For Initiation Of Anti-Dumping Investigation", Tongji University Publishing House, May 2009, and "Research on WTO AD and SCM Rules Negotiation of Doha Round", China Law Publishing House, January 2011.
